#### SECTION .B. (50 MARKS)

51. Read the passage carefully and answer, in full sentences the questions that follow.  
As a saying goes one man's meat is another man's poison, many people have different likes and dislikes. There are some animals I like and those I don't like much. Among all, a cow and an elephant are my best animals. I like these animals very much because they are of great importance.

To begin with, a cow is a domestic animal. It is kept at home. Its food is pasture. It grazes on a farm. The male cow is a bull. A calf is a young one of a cow. A cow moos to communicate. This animal is useful because it is a source of milk and meat. When we drink its milk and eat its meat, we grow well.

On the other hand, an elephant is a wild animal. It is the biggest animal on land. It lives in the bush or forest. Some elephants can be kept in zoos. An elephant feeds on grass. It trumpets to communicate. Many tourists come from distant countries to see elephants in Uganda. I like elephants because our country gets a lot of money from tourists who come to see them. Elephants usually graze near the road. It is rare for me to go a game park and come back without seeing a herd of elephants. Even passersby can see them without paying any money.
