8. Barbra deposited 15 notes of five thousand shillings and 7 notes of two thousand shillings. How much money did he deposit in the bank?

9. Work out:

Kg	g
317	460
- 48	890
<hr/>	
<hr/>	

10. Convert 82kg and 450g into grammes.

SECTION B

11. Peter used cards

8

 ,

4

3

 ,

7

 to put a number on
his shop.

a) Write any 3 four digit numbers peter can write using his cards.

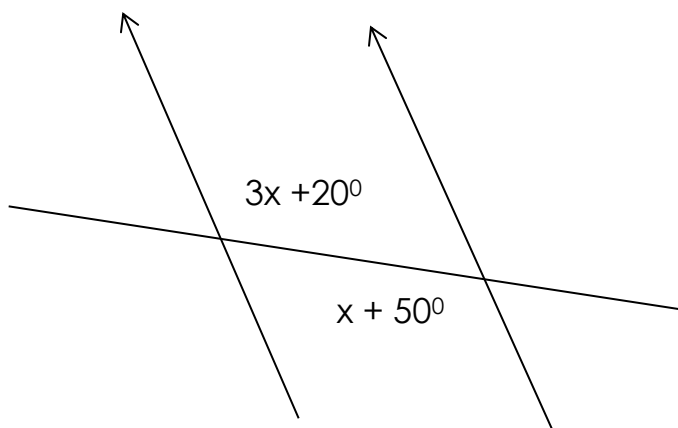

b) Form the largest and the smallest numbers peter can form using his cards.

c) Find the difference between the smallest and largest numbers peter used to write on his shop

12a) Find the Value of the length MN.

b) Work out the value of x

13. Festo used his land as follows $\frac{1}{4}$ was used for growing cabbages, $\frac{2}{5}$ for grazing and the rest for growing bananas. Using a radius of 3.5cm, construct an accurate pie – chart for the above information

.....

b) Mention any **two** activities carried out on such assemblies.

i)

ii)

c) Which element of PHC is promoted by such assemblies in school?

.....

PART: TWO

MATHEMATICS

1. Write MCMLXII in Hindu-arabic

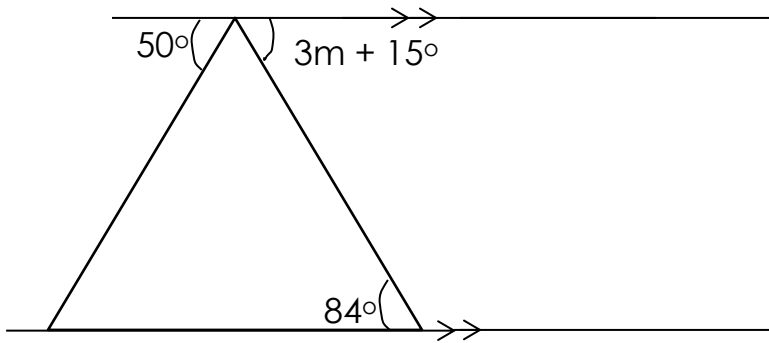

2. Find the product of the next two numbers in the sequence

5, 40, 33, 28, _____, _____

3. The exchange rate of a dollar to Ugandan shillings at Muhindi forex bureau is \$1 = shs. 3650. How many dollars will Mugisha get from Shs. 105,850

4. Find the value of the unknown index in $3^{2x} = 81$

5. Use the diagram below to find the value of m in degrees.

6. Express $0.3636 \dots$ as a recurring fraction in its lowest terms.

7. Solve the inequality $2k + 3 \leq 9$

8. Express 3kgs as a ratio of 1200g.

9. Express 45 minutes as a fraction of 2 hours.

10. the average age of 8 boys is 15 years. If two boys whose ages are 10yrs and 14yrs. Leave the group, find the average age of the remaining group.

SECTION B

11a) Workout: $\frac{3}{4} + \frac{1}{3} \div 2\frac{1}{3}$

b) Simplify:
$$\frac{2.4 \times 4.8}{0.0012 \times 1.6}$$

12. Given that the diameter of a circle is 28cm (take π as $\frac{22}{7}$)

a) Find the circumference of a circle.

b) Calculate the area of the circle.

13.a) Workout; 2 1 2 four

$$\begin{array}{r} + 3 \text{ 2 four} \\ \hline \end{array}$$

b) Convert 32five to octal base.

c) Find the value of the unknown base in

$$104_n = 29_{\text{ten}}$$

SOCIAL STUDIES

1. State one way of identifying savannah vegetation from other vegetation zones

2. How were the dhows helpful to the Arab traders who came to East Africa?

3. Why was the Frere Treaty signed in East Africa?

4. State any one way poverty has affected the education level in Uganda today.

(Use:not only.....)

13. **Read the passage below and answer the questions that follow in full sentences.**

My name is Makata. I am a nine year old boy who lives in Kidera Village. In our village, most families are large with over ten children. However, I come from a small family of two brothers and three sisters.

Anita is the eldest as well as the first born in our family. She is 16 years old. When our parents go to the garden in the morning, we stay at home doing homework. Anita assigns each of us a duty apart from our sixth born, Shama. I am the third born and I enjoy washing utensils so much.

Our parents are always **happy** because they find all the housework done. They appreciate our work and encourage us to keep it up. I am so proud of my family.

Questions

1. Who told the story?

2. Where does Makata live?

3. How many children are in this family?

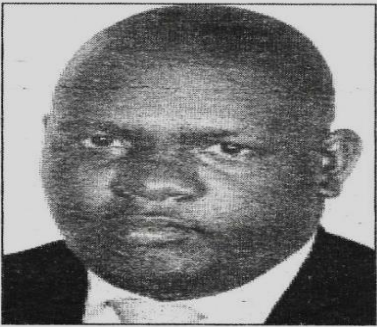

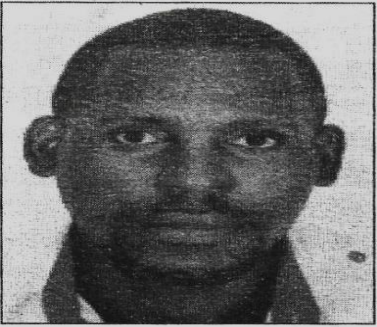

4. Who is the eldest child in the family?

5. Suggest a suitable title to the story?

B: The notice below appeared in the Daily Monitor of Friday, May 13, 2016. Use it to answer the questions that follow in full sentences.
