63. You should get _____ before you move out of the class. (permit)

WEEK 3

Alphabetical order

The alphabet guides on the order of arranging the words. When letters on the words are the same, arrange by the second letter.

Activity

Arrange the following words in alphabetical order

By the first letter.

64. Dog, candidate, school, freedom

65. Gerald, Peter, Agnes, Henry

67. Orange, mango, fish, bread, tomato

By the second letter

68.put ,peel ,pill, plot

69. sugar , sand ,slope ,sweet ,

70. wealth, water, window , worm

By the third letter

71. Speed, spade, spill, spot.

72. Tobacco, today, tomorrow, tongue.

73. Register,remove, retime, reward.

Homophones

These are pronounced in the same way but have different spelling and meaning.

Examples

Fair/fare,sun/son, dairy/diary, hear/here

Activity

Use each of the words given in a sentence to show that you know the difference in the meaning.

Power

Pour

Brake

Break

Their

There

Check

Cheque

WEEK Four

Opposites

These are words that convey contrary ideas, situations, feelings, actions

Examples

Hot -cold

Ugly –beautiful

Happy –sad

Obey –disobey

Cheaply – expensively

Re-write the sentences giving the opposite form of the underlined word.

78.He is well-behaved

79.The court found him guilty.

80.Haruna is a very obedient boy.

81. It is of great advantage to grow when it is raining.

82. The head teacher talked about discipline in our class.

83. Moses draws straight lines in his book.

84. He tried to connect the wires but he failed.

85. He was shown the exit.

86. The sea is rough because of too much wind

Abbreviations, contractions, acronyms

Abbreviations; Wed-Wednesday, Dr. –doctor, etc

Acronyms; UNEB – Uganda National Examination Board

Contractions; shan't – shall not, can't – can not

Activity

87. Rewrite the given short forms in full.

a) PTO _____

b) Hon. _____

c) Ag. _____

d) O'clock _____

e) Won't _____

f) ATM _____

g) sms _____

h) FM _____

Vocabulary and meaning

Re -write the sentences by giving one word for the underlined group of words

88. The customer asked for the sweet food eaten after the meal.

89. Joseph went to the place where bread is sold because he wanted bread for breakfast.

90.Isiko has made up his mind to work harder at his studies.

91.My mum solves her problems with ease.

92.Her daughter presented the bride with a large bunch of flowers.

93.Kawudha is my sister's daughter.

94.The man who repairs vehicles has got an accident.

WEEK FIVE

Sentence transformation

This refers to changes in the sentence structure when an idea is expressed in a different way.

95.Our neighbour always rides a bicycle. (Begin: A bicycle_____)

96.Who has swept the house? (Begin: By whom_____)

97.I last saw my mother four years ago. (Re-write using it is_____)

98.Mugabe will dance for us if his teacher allows him.
(Use_____would_____)

99.If Kagoya does not listen to the teacher's advice, she will fail the exams. (Begin:
Unless_____)

100. Both Charles and Andrea did not eat meat. (Begin:
Neither_____)

101. We started singing at 4 O'clock. It is now 6 O'clock and we are singing. (Use
____since____)

102. Rose is very weak. She cannot lift that bench. (Use_____enough_____)

103."What is your head teacher's name, John?" the stranger asked. (Begin: The stranger
wanted to know_____)

SECTION B

Study the table below carefully and answer the questions that follow in full sentences.

EXAM TIME –TABLE :7TH APRIL,2017		
DATE	TIME	EXAM PAPER
8th Apr. 2017	8.15-10.30 am	RE
	2.15-4.30 pm	ENGLISH
9th Fri. Apri. 2017	8.15-10.45 am	MATHS
	2.15-4.30 pm	LITERACY
BY DIRECTOR OF STUDIES: OKAFO JESSY		

QUESTIONS

1. What is the notice about?

2. On which date was the table written?

3. Who put up the notice?

4. Which examinations will be done on 8th April,2017?

5. At what time will the RE paper start?

6. Which paper will be done on 8th April, in the afternoon?

7. What is Mr. Okafo?

8. When will the English paper end?

9. Write these in full.

RE-----

Apr.-----

Read the passage below and then answer the questions in full sentences

THE BIG ELEPHANT

One day in the big forest, there lived an elephant. He was too big to lift himself. He used to sleep in the shade waiting for Mr. Hare to bring him food. Mr. Hare was his great friend. He used to bring grass and ripe fruits to him.

One evening when Mr. Hare was looking for food, he met a hungry lion. The lion ate Mr. Hare and he was never seen again. The elephant waited for many days but Mr. Hare could not come again. After ten days Mr. Elephant died of hunger.

Questions

1. Who lived in the big forest?

2. Who used to bring food for him?

3. What kind of food was the elephant eating?

4. Why couldn't the elephant look for food?

5. What is the title of the story?

6. Why did the lion eat Mr. Hare?

7. How were the elephant and Mr. Hare related?

8. What do you call the young one of an elephant?

9. What did the lion do to Mr. Hare?

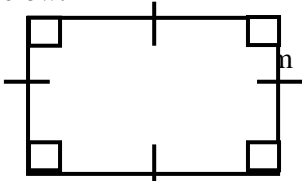

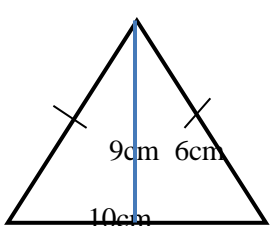

Rearrange the sentences to form a good composition

- a) This was because it had double letters for some words.
- b) Last week we did our end of month examination.
- c) The first number was very easy.
- d) The second was tricky.
- e) It required us to arrange words by the first letter.
- f) I drew tables and put each letter in its own box.
- g) As usual there are two numbers on alphabetical order.
- h) Whenever I reached the double letter, I got stuck.
- i) Fortunately I remembered what our teacher had taught us.
- j) From there, I was able to see which letter came first and what followed next.

Using your school address write a letter to your best friend inviting him/her to attend a sports day. Promise him/her that she/he will enjoy. Also mention some of the activities in which you will participate.

MATHEMATICS SECTION A

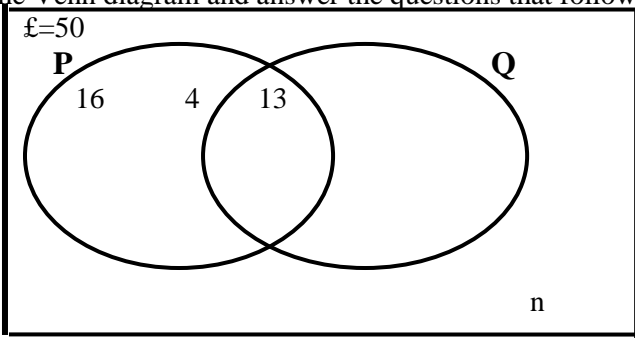

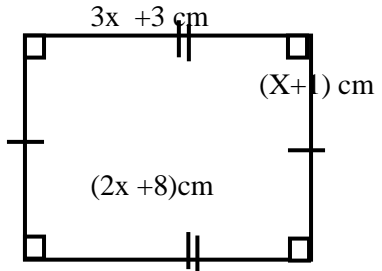

WEEK ONE

1	Write seven thousand seven in words.	2	What number has been expanded? $(4 \times 10^3) + (5 \times 10^1) + (3 \times 10^0)$
3	If $a=21$, $b=3$ and $c=0$. Find the value of abc .	4	When a dice is tossed up, what is the probability of a six showing up?
5	Write the value of 4 in the number 6432.	6	Apollo bought a coat at Sh.8000 and sold it at Sh. 9000. What was his profit?
7	What is $\frac{2}{9} + 36$	8	Simplify: $2p + n + p + 2n$
9	Workout the perimeter of the square below. 	10	Find the LCM of 18 and 24.
11	Find the area of the triangle below. 	12	Change 12500 metres to kilometers.

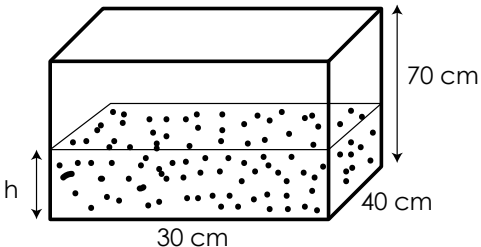

13	A dozen Of 48 paged books is Sh.4800, find the cost of a similar book?	14	Find the sum of the 3 rd and 8 th prime numbers.
15	Workout 12 of $\frac{1}{3} + \frac{1}{2} =$	16	Express 0.75 as a common fraction in its lowest term.
17	<u>WEEK TWO.</u> Musa travelled from Uganda to India a distance of 180km in 6 hours. Calculate his average speed for the whole journey.	18	Find the H.C.F OF 5 and 6.
19	Workout the average of 6,4,5,3 and 2.	20	The area of the rectangle below is 65cm ² . Find the side marked L 
21	If the price of an egg is Sh.400. Find the total cost of $\frac{2}{3}$ Of a tray.		

--	--

SECTION B

22	Study the Venn diagram and answer the questions that follow. 		
a	Find the value of n .	b	How many pupils are in:- i) set P ii) set Q
c	What is the probability of picking a member in $(P \cup Q)^1$		
23 a)	Convert 0.25 km^2 to square metres	b	Calculate the area of a cube whose side length is 5cm.
24		a	Find the value of x
b	Find the area of the rectangle below.	c	Workout the total distance around the figure.

25 a)	Solve: $3x + 5 = 14$	b	Simplify $2^3 \times 4^x = 16$
26 a)	A man moved a distance of 80km in 30 minutes. Calculate his average speed.		
b)	If Peter used the same speed to cover a distance of 480km. what time will he take to cover the distance?		
27 a)	Workout $3-4 \equiv x \pmod{6}$	b)	Change 143 five to base three.
28 a)	Find the least number of mangoes shared by 12 pupils and 15 pupils leaving 3 as a remainder.		
b)	List down all the factors of 36.		

29 a)	Express $\frac{3}{11}$ as a recurring decimal.	b)	Workout: $\frac{0.72 \times 1.8}{0.9 \times 2.4}$
30	Okello went shopping and bought the following items. 4 kg of rice at Sh.1800 per kg. 3 kg of posho for Sh.1300 each kg. 500 g of onions at Sh.2000 per 250 grams. A bunch of Matooke for Sh.9000.		
a)	Workout his total expenditure.	b)	If Okello was offered a discount of 10%. How much did he pay?
31	The tank below holds 72 litres of water. 		
a)	Calculate the value of h.	b)	How many litres are needed to fill the tank?
32	At a thanks giving ceremony, children were served with 2 queen cakes each, adults were served with 3 meat pieces each and each member who attended was served with a bottle of soda. If 48 queen cakes and 72 meat pieces were served.		

a)	How many people attended the ceremony?	b)	If a crate of soda contains 24 bottles and costs 15000 shillings, how much was spent on soda?
33	With the help of a ruler, sharp pencil and a pair of compasses only, construct a triangle ABC in which $\angle B = 60^\circ$ $BC = 7\text{cm}$ and $\angle BAC = 90^\circ$. Drop a perpendicular from A to meet \overline{BC} at x.		
34	<u>WEEK FOUR.</u> Solve $2(x + 1) - x + 4 = 0$ b) Find the interior angle sum of the polygon.	34 One of the exterior angles of a regular Polygon is 45° . a) Find the number of sides.	
35	Construct a triangle ABC in that angle $BAC = \angle CBA = 75^\circ$ and $AB = 6.5\text{ cm}$.		

b)	Measure angle BCA.	
36	a) Change 0.43km to centimeters.	b) Solve $2x + 1 > 9$
37	Find the capacity of a cuboid measuring 6cm by 10 cm by 4 cm.	38 If today is Monday, what day will it be after 37 days
39	<u>WEEK FIVE.</u> Kennedy got the following marks. Maths 60 Science 65 English 70 SST 60 RE 55 ii) Mode	a) Find i) Median
		iii) Modular Frequency
	iv) Range	v) Mean
40	What is the square of 0.06?	41 The base of an Isosceles triangle are $(2x + 50^\circ)$ and $(4x + 20^\circ)$ find x

42	What is 30% of 540.	43 Find the simple interest on Sh.8000 For 3 years at 10% per year.
44	Write two thousand seventeen in Hindu-Arabic numerals.	
45	Find the least number of mangoes that can be distributed to either 6,8 or 12 Pupils leaving a reminder of two pencils.	
46	Change 131_{four} to binary base.	
47	Joseph bought the following items. Eight ice cream tins at Sh.600 per tin Twelve apples at Sh.1200 Five packets of chocolates at Sh.2500 per Packet.Eight packs of splash at Sh.1500 each. a) How much money in total did he pay for all his expenses?	b) If he was given Sh.2000 as discount, how much did he pay for all the items.

48	Martha is eighteen years older than Alice, in nine years time, Alex will twice the age of Alice.	
	a)How old is Alice now?	b)How old will Alex be in five years time?
49	A boy got 8 correct sums out of 20 sums.	
	a)What percentage was correct?	b)What percentage was not correct?
50	<p>There are 50 pupils in a class. If the ratio of boys to girls is 3:7</p> <p>a)How many boys are there in the class?</p> <p>b) How many girls are there in the class than boys.</p>	
51	A car takes 6 hours to cover a distance at 80km/hr but it returns in only 4 hrs. calculate its average speed for the whole journey.	

52	A teacher weighs 3x kg and Wasswa weighs 4x kg. if their total weight is 140 kg, find Wasswa's weight?	53	When a number is added to 4 the result is greater than 8. What are the possible values of the number, if the number is less than 10.
----	--	----	--

SCIENCE

TOPICS COVERED:

1. Science at home and in our community.
2. Accidents and first aid.
3. Environmental sanitation.
4. Growth, Development and reproduction.

WEEK ONE

SCIENCE AT HOME AND IN OUR COMMUNITY

1. Name the main natural source of water in the environment.

2. Apart from the above mentioned source of water, suggest any two other sources of water in the environment.
i) _____ ii) _____
3. State two uses of water in our daily life.
i) _____
ii) _____
4. Give three uses of water in our bodies.
i) _____
ii) _____
iii) _____
5. Why is it said that water is life?

6. State two ways of harvesting rain water.
- i) _____
- ii) _____
7. Why are gutters put on building?
- _____
8. Suggest three examples of water impurities.
- i) _____ ii) _____
- iii) _____
9. State four ways through which water sources get contaminated.
- i) _____
- ii) _____
- iii) _____
- iv) _____
10. Give two ways of preventing contamination of water sources.
- i) _____
- ii) _____
11. Suggest two possible way s one can tell that water is impure.
- i) _____
- ii) _____
12. State two properties of pure water.
- i) _____
- ii) _____
13. What happens to pure water when it is at each of the following degree of centigrade scale?
- i) 100°C _____
- ii) 0°C _____
14. What type of energy is processed by water at 100°C ?
- _____
15. How can animals such as cows be prevented from
Contaminating water sources?
- _____
16. Give two importance of water in soil.
- i) _____
- ii) _____
17. What is the boiling point of pure water on a Fahrenheit scale?

18. Mention two ways of preparing water for drinking?

i) _____

ii) _____

19. What is the difference between safe water and clean water?

20. Which type of soil is used in filtration of water?

21. State one condition which may lead to use of methods such as sedimentation, and filtration of water.

22. Why is distilled water not good for human life?

23. Where does rain water on ground go after it has rained?

24. How is distilled water useful in clinics and hospitals?

25. Give two examples of each of the following water associated diseases.

a) Water borne diseases

i) _____ ii) _____

b) Water habitat diseases

i) _____ ii) _____

c) Water cleaned diseases

i) _____ ii) _____

26. State the best way of controlling waterborne diseases.

27. Name the company responsible for controlling water supply in Uganda national wide?

28. How does boiling make water safe for drinking?

29. Give three chemicals used in the treatment of water to make it safe for drinking?

30. Why is chlorine added to water?

31. Suggest two disadvantages of treating water with chemicals?

i) _____

ii) _____

32. Suggest two ways how boiled water may be contaminated?

i) _____

ii) _____

33. State two ways how boiled water can be prevented from contamination?

i) _____

ii) _____

34. Match the following with the step of washing clothes.

List A

Sorting

Clothes

Rinsing

Wringing

washing

Soaking

List B

Twisting and squeezing

To remove water.

Putting clothes in a soapy solution
and leave for some time.

Putting clothes in clean water to
remove soap.

Separating different clothes.

squeezing clothes to remove dirt.

i) Rinsing _____

ii) Washing _____

iii) soaking _____

iv) wringing _____

v) Sorting _____

a. State two factors considered when sorting out clothes.

b. Why should we sort out clothes before washing them?

c. How does soap remove dirt from clothes?

d. State two reasons why we should iron our clothes.

i) _____

ii) _____

35. Define the following.

i. Hard water _____

ii. Soft water _____

b) Give two ways of making hard water soft.

i) _____

ii) _____

c) What causes hardness in water?

d) Suggest two disadvantages of using hard water for washing.

i) _____

ii) _____

e) Give any one advantages of using hard work in our body.

36. Draw a diagram to show filtration of water and indicate the following.

a) i) Filtrate

ii) Residue

b). why is water obtained from the above method not safe for drinking.

c. What can be done to make above water safe.

37a). Why is water obtained by distillation not good for drinking.

b). Mention any two process involved in distillation method of water.

c) Apart from obtaining clean water from muddy water, suggest two other ways filtration method is useful in our daily life at home.

- i) _____
- ii) _____

WEEK TWO

ACCIDENTS AND FIRST AID

1. What is an accident _____

2. Mention four common accidents at home.
 - i) _____ ii) _____
 - iii) _____ iv) _____
3. Give three effects of an accident to the body.
 - i) _____
 - ii) _____
4. Name the accident whose first aid is to tie splints around the injured part.

5. How is a burn different from a scald?

6. Suggest two ways of controlling common accidents around our homes.
 - i) _____
 - ii) _____
7. Why should drugs and other chemicals be kept out of children's reach?

8. Which type of injury does one get when is burnt by hot steam?

9. Suggest three ways of controlling burns and scalds around our homes.
 - i) _____
 - ii) _____
 - iii) _____

10. Write short notes on each of the following types of accidents.

i. Burns

ii. Scalds

iii. Fever

iv. Fainting

v. Near drowning

vi. Convulsions

11. How can a baby with convulsion be identified?

12. Jonathan's body temperature read 38.5°C how do you describe such a condition?

b) Mention two possible causes of the above condition.

i) _____

ii) _____

13. a) What is the main cause of fainting?

b) Write down two conditions that may lead to fainting.

i) _____

ii) _____

c) Which genuine first aid should be given to someone who has fainted? _____

d) Why should we avoid standing near a person who has fainted?

14a) What are foreign bodies?

b) Why shouldn't one attempt to remove a foreign body in the ear if he/she is not a trained health worker.

15. State the degree of burns where blisters form on the skin but not broken.

16. Why is it bad to break blisters of a person with severe burns?

17. Which first aid should be given to a person with a third degree burn?

18. State two ways of preventing accidents of near drowning at home.

i) _____

ii) _____

19. Write **ABC** in full as used in administering first aid.

20. How is ABC important to a victim of near drowning.

21. How does cold water help a person who has a severe burn?

22. a) State two genuine ways of helping a boy who has nearly drowned but is already removed from water?

i) _____

ii) _____

b) What should a person who has caught rat poison do after mixing rat poison?

c) Write the most of people at home who have fallen victims of poisoning?

d) Why should a soapy solution be given to a person who has taken rat poison?

e) Why are the accidents of poisoning so common in children?

f) State three signs of a person who has taken poison.

i) _____

ii) _____

iii) _____

g) Why shouldn't a person who has swallowed paraffin or petrol be made to vomit? _____

h) Why do people applying agrochemicals cover their mouth?

i) What term refers to the condition caused by taking harmful substance into the
body? _____

23. Why shouldn't a person who has swallowed paraffin be made to vomit it? _____

24. Which first aid should be given to a person who has drunk paraffin accidentally?

25. Why is it bad to apply sugar or salt on a burnt part?

26. How are burns similar to scalds?

WEEK THREE

WATER AND SANINATION.

1. Name the element of P.H.C promoted by regular cleaning of latrines and toilets.

2. State two ways of promoting sanitation in a given area.

i) _____

ii) _____

3. What name is given to a place where human excreta is deposited?

4. Why should every home have a latrine or toilet?

5. How is a potty useful to a mother with a one year old baby?

6. Mention three indicators of poor sanitation in a given area.

i) _____ iii) _____

ii) _____

7. Suggest four areas at home that need to be kept clean.

i) _____ ii) _____

iii) _____ iv) _____

8. Give the importance of a rack at home.

9. State three dangers brought about by poor sanitation in a given area.

i) _____

ii) _____

iii) _____

10. Identify three diseases that are common in areas with poor standards of sanitation.

i) _____ ii) _____

iii) _____

11. What is the advantage of observing proper sanitation in every locality?

12. Mention two causative agents for diseases.

- i) _____
ii) _____

13. State three ways of preventing diseases without use of drugs.

- i) _____
ii) _____
iii) _____

14. Mention four ways of getting rid of insect vectors around us.

- i) _____
ii) _____
iii) _____
iv) _____

15. What does presence of insects such as houseflies and mosquitoes indicate in a given area?

16. Mention three diseases common in areas with stagnant water.

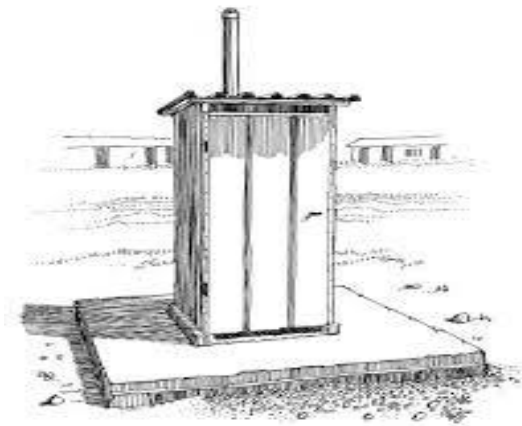

- i) _____ iii) _____
ii) _____

17. Why do you think the above diseases in (number 14) above are common in areas with stagnant water?

18. Give two ways how insect vectors spread diseases.

- i) _____
ii) _____

19. The diagram below shows a type of latrine. Use it to answer questions that follow.

a) Name the type of latrine shown above.

b) Give the function of each of the following parts of the above type of latrine.

I. Vent pipe

II. Screen

c) Give two advantages of using the above type of latrine over an ordinary latrine.

i) _____

ii) _____

d) What is the recommendable distance of the above type from each of the following places?

I. Human dwelling

II. Head teacher's office

III. Water source

e) Mention two factors you can consider when planning to construct the above type of latrine.

i) _____

ii) _____

f) Why should a squat hole of the above latrine be left open.

g) Why is the above latrine said to be improved?

h) Why should the above latrine be constructed atleast 30m away from a water source?

20. Give the importance of water in a flush toilet.

21. Suggest two problems facing people using flush toilets today?

22. Why are flush toilets not common in rural areas?

23. Why should a site of a latrine be on a lower level than a water source?

24. What is the disadvantage of using hard materials to clean oneself after using a toilet?

25. Write **ECOSAN** in full?

26. What is the advantage of smoking latrines regularly?

27. Write UDDT in full as used in toilets.

28. Why is ash used in Ecosan

29. Mention two problems facing people using Ecosan toilets.

i) _____

ii) _____

WEEK FOUR

GROWTH AND REPRODUCTION

1. Suggest one stage in growth and development of an individual.

2. What is the difference between puberty and adolescence?

3. Write two examples of each of the following stage of adolescence.

a) Primary sex characteristics in boys

i _____

ii _____

b) Secondary sex characteristics in boys

i _____

ii _____

c) Primary sex characteristics in girls

i _____

ii _____

d) Secondary sex characteristics in girls

i _____

ii _____

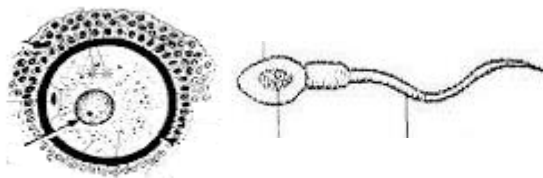

4. State three psychological and emotional changes in adolescents.

i _____

ii _____

iii _____

5. What name is given to the result of fertilization shown below?

6. Where in mammals does fertilization take place?

7. Write short notes on each of the following.

Ovulation _____

Menstruation _____

Implantation _____

Copulation _____

8. Which type of reproduction does man under go?

9. What is asexual reproduction?

10. Mention three types of asexual reproduction.

i) _____ ii) _____

iii) _____

11. Write **PIASCY** in full.

12. Suggest four PIASCY messages displayed in your school compound.

i) _____ ii) _____

ii) _____ iv) _____

13. State three ways how PIASCY messages are of value to school going children.

i) _____

ii) _____

iii) _____

14. What is teenage pregnancy?

15. Mention three dangers that may result from teenage pregnancy.

i) _____

ii) _____

iii) _____

16. Mention two problems faced by young parents.

i) _____

ii) _____

17. Give three problems faced by most adolescents today.

i) _____

ii) _____

iii) _____

18. How best can teenage pregnancies be controlled in schools today?

i) _____

ii) _____

WEEK FIVE

SEXUALLY TRANSMITTED DISEASES.

1. Write STI in full

2. Mention three examples of S.T.I.

i) _____

ii) _____

iii) _____

3. Apart from HIV/AIDS, give two examples of S.T.I caused by virus.

i) _____

ii) _____

4. Name one immunizable sexually transmitted disease that is affecting people today.

5. Write the following in full as in science.

i. V.D _____

ii. S.T.D _____

iii. A.C.P _____

iv. HIV _____

v. AIDS _____

6. Give two ways how HIV/AIDS is spread.

i) _____

ii) _____

7. Which S.T.D causes blindness in newly born babies if left untreated? _____

8. What is the effect of untreated gonorrhea to each of the following people?

i. Women _____

ii. Babies _____

9. How does HIV germ affect the body?

b) What causes AIDS?

10. Mention two effects of HIV/AIDS to each of the following groups of people.

a) Family

i) _____

ii) _____

b) Community

i) _____

ii) _____

11. Why is HIV/AIDS said to be the most deadly disease?

12. How is an HIV positive victim different from an AIDS victim?

13. Give two reasons why HIV/AIDS victims should be counselled?

i) _____

ii) _____

14. Mention two ways of caring for HIV/AIDS victim.

i) _____

ii) _____

WEEK SIX

FAMILY PLANNING

a) What is family planning?

b) Mention two natural family planning methods.

i) _____

ii) _____

c) Write short notes on each of the following.

i. Vasectomy

ii. Tubal ligation

- d) Write two advantages of natural family planning methods.
- i) _____
- ii) _____
- e) Which method of family planning controls the spread of STDs?
- _____
- f) Suggest two reasons why some people want to produce many children.
- i) _____
- ii) _____
- g) Which method of family planning kills sperms?
- _____
- h) Give two effects of frequent birth to each of the following
- Mother
- i. _____
- iii) _____
- Father
- i) _____
- ii) _____
- i) What is the difference between family planning and child spacing?
- _____
- _____

SOCIAL STUDIES

TOPIC 1: THE ROAD TO INDEPENDENCE IN EAST AFRICA.

WEEK ONE.

- i. _____
- ii. _____
47. Write LEGCO in full.
- _____
- _____
48. Why was LEGCO formed in 1921?
- _____
- _____
49. Name the political parties that led the following countries to their independence.
- a) Uganda _____
- b) Kenya _____
- c) Tanganyika _____
50. What is democracy?
- _____
- _____
51. Mention any two indicators of democracy in a country like Uganda.
- i. _____
- ii. _____
52. State any two principles of democracy.
- i. _____
- ii. _____

53. State any two reasons why democracy should be practiced in your country.

i. _____

ii. _____

54. Who is a citizen?

55. State any two legal ways of becoming a citizen of Uganda.

i. _____

ii. _____

56. Write any two duties of a citizen.

i. _____

ii. _____

57. What are fundamental human rights?

58. Mention any two examples of fundamental human rights.

i. _____

ii. _____

59. Give the meaning of an election.

60. Name the current president of the following countries.

a) Uganda_____

b) Kenya_____

c) Tanzania_____

d) Rwanda_____

WEEK FIVE

RESPONSIBLE LIVING IN THE EAST AFRICAN ENVIRONMENT.

This topic explains the proper ways how the environment is used, ways how it can be degraded and ways of recovering the natural environment. Practices like afforestation, re-afforestation , agro-forestry, crop rotation, mulching, and terracing of land help to conserve the environment while practices of deforestation, over grazing , swamp drainage, bush burning, and poaching promote degradation of the environment.

QUESTIONS.

1. What is environment?

2. Mention any three components of the environment.

- i. _____
ii. _____
iii. _____

- i) _____
- ii) _____
- iii) _____

RELIGIOUS EDUCATION

1. a) What are gifts of the Holy Spirit?

b) Mention any two gifts of the Holy Spirit?

i) _____

ii) _____

c) How are such gifts important to Christians?

2. a) Who is an apostle?

b) Why did Jesus choose apostles?

3. a) What is a prayer?

b) Mention any two types of prayer in Christianity.

i) _____

ii) _____

4. Write down any two leaders in the:-

a) Old testament

i) _____

ii) _____

b) New testament

i) _____

ii) _____

5. a) What is a creed?

b) Write down any beliefs in the Apostle's creed.

i) _____

ii) _____

6. a) Name the prayer Jesus taught us.

- b) Mention any two requests in the prayer above.

i) _____

ii) _____

ISLAM

1. a) Name the prayer recited by Muslims at night during Ramadhan.

- b) Write down any two of the daily prayers in Islam.

i) _____

_____ ii) _____

2. Name the prophets who received the following holy books.

a) Quran _____

b) Zabur _____

c) Injir _____

d) Taurat _____

3. a) Give any two ways how a Muslim prepares for Hajj.

i) _____

ii) _____

- b) Mention any two benefits of making Hajj.

i) _____

ii) _____

4. a) What is Zakah?

- b) Give any two examples of Zakah items.

i) _____ ii) _____

- c) State any two benefits of Zakah to the recipients.
- i) _____
- ii) _____

OR: Name any one revealed book in Islam

Either: what is work?

OR: What is work?

Either: state any one way of helping the sick person.

OR: State any one way of helping the sick person.

Either: Give one example of God's messenger.

OR: Give one example of Allah's messenger.

Either: Why is virgin Mary remembered in Christianity.

OR: Why is Khadijah remembered in Islam?

Either: Write your religious name.

who helped David to killed Goliath?

Either:(a) On which day did God create man?

(b)Mention any three animals God created.

OR: (a) On which day did Allah create man?

(b) Mention any three animals Allah created.

22.(a)Either: What is a community?

(b) Write any three ways you can help the needy in our community.

OR:(a) What is a community?

(b) Write down any three ways you can help the needy people in our community.

23.(a) Either: Name any two causes of suffering in where we live.

(b) Mention any two effects of suffering to a Christians.

OR:(a) Name any two causes of suffering in where we live.

(b) Mention any two effects of suffering to a Muslim

24.Either: (a) What is a talent?

(b) List down any two talents God gives people

(c)Give one importance of talents to people.

OR:(a) What is a talent?

(b) List down any talents Allah gives to people.

(c) Give one importance of talents to people.

25.Either:(a) Give any two reasons why people do work.

(b) Who started work according to Christianity

(c) Mention any one way how work is important to people

OR:(a) give any two reasons why people work.

(b) Who was the first worker according to Islam?

(c) Mention one way how work is important to people.

26.Either: Write down any two types of prayers.

Give any two reasons why people pray to GOD.

OR: Write down any two daily prayers in Islam.

Give any two reasons why Muslims pray to Allah.

27.Either:(a) name the final place for the following types of people.

Believers _____

Sinners _____

(b)Give any two ways in which God will reward the believer on judgment day.

OR:(a) Mention the final place for the following types of people.

Believers _____

Sinners _____

(b) Give any two ways in which Allah will reward the believers on judgement day.

28. Either (a) Mention any two gifts of the holy Spirit.

(b) List down any two fruits of the holy spirit.

OR: (a) Mention any two good things a Muslim child can do while on the road.

(b) Give any two ways in which Allah rewards people who do good things to others.

29. state any four qualities of a good religious' child.

30. (a) Write down any two selfish acts done by people.

(b) Give any two good decisions a P 6 child can make at home.

31. Either: (a) Name the first miracle to be performed by Jesus Christ.

(b) Mention any three miracles performed by Jesus Christ.

or: (a) Mention any three miracles performed by prophet Muhammad (pbuh)

(b) Why did he perform miracles?

32.Either: Mention any four things you can offer to God.

OR:(a) Mention any two things you can give as Zakah.

33.(a)Mention three symbols of the Holy Spirit.

(b) Give any one work of the holy spirit in the life Christians today.

OR: Mention any four pillars of Islam.

34. Write down any four things created by GOD.

35. State any four reasons why people fast

36. **Either:**

(a) Who committed the original sin?

(b) Why is it called the original sin?

(c) State any two ways through which man is punished for the original sin.

(i)

(ii)

Or:

(a) Who committed the original sin?

(b) Why is it called the original sin?

(c) State any two ways through which man is punished for the original sin.

(i) _____

(ii) _____

37. **Either:**

(a) What is Holy Matrimony?

(b) State any one reason that may stop Holy Matrimony from taking place.

(c) Give one reason that may allow someone who had married in church before to marry again.

(d) Mention any one advantage of Holy Matrimony.

Or:

(a) What is Nikah?

(b) Give three conditions that allow Nikah to take place.

(i) _____

(ii) _____

(iii) _____

38. **Either:**

(a) Which son of Adam killed his brother?

(b) Name the brother who was killed.

(c) Why was the brother you have mentioned in (b) killed?

(d) State any one way in which God punished the killer.

Or:

Give any four things which a person who is fasting is advised to do by Prophet
Mohammad P.B.U.H.

3
