SECTION A (40 MARKS)

1. What is kidding as used in goats? 2. Name any one insect that protects itself by stinging. Why should we wash hands before touching food? 3. Write down one activity you can do keep the home clean. 4. Study the diagram carefully and use it to answer questions 5 and 6. (5). Name the structure marked with Letter X. (6) Give one example of plant with such structure above. X 7. Which part of the body is mainly affected by trachoma? Write P.H.C in full. 8. How do these leaves differ from each other. 9. How far should a pit latrine be from a water source? 10. 11. Write down any one biological change that occurs in plants. Identify the main food for a baby below 6 months of age. 12. 13. Suggest any one crop whose roots are eaten by man. Which food value is contained in eggs. 14. Give any one example of a flying mammal. 15. How are nimbus clouds important to crop farmers? 16. 17. State the best way in which rats can be controlled at home. 18. What is immunity? 19. State the best way of making water safe for drinking. 20. In which one way is a school nurse helpful to our community?

1.	How do poultry farmers control the vice of egg eating on their farms?
2.	In the space below, draw a beak of a hen.
3.	State any one property of air.
4.	In which one way are swamps important to people?
5.	Convert 50°C to °F
6.	State any one use of sand soil to people.
7.	Apart from alcohol. Name other liquid used in a thermometer.
8.	A stone has a mass of 35gm and volume of 7cm ³ Find the density of the stone.
	The diagram below shows part of the digestive system of a person. Study it and answer the questions 29 and 30.
9.	Name the parts Labelled E and I (i) E Duodenum (ii) I
).	Give any one disease that affects the organ marked I.
1.	Why do farmers rear goats?
2.	Give any one common accident at school.
3.	State any one reason why bees swarm.
1.	Give any one importance of plants to people.
4. S	State

Name a	ny one natural source of heat.
Suggest	one reason why people take alcohol.
Mentior	the importance of a strip cup on cattle.
Give the	e meaning of the term "sound energy"
Why do	famers spray crops in their gardens?
/ · · ·	SECTION B (60 MARKS) e any two materials used when washing clothes.
(1) (ii) (b) Give	e one danger of not bathing regularly.
(c) Hov	v do people care for their clothes apart from washing?
(a) Writ	e any one example of root crop.
(b) Men	tion one way of preserving root crops.
(c) Giv (i)	e two ways in which farmers control root crop diseases.
(ii) (a) Give (i)	two reasons why farmers rear pigs?
(ii) <u> </u>	t is meant by the following terms in piggery?
(i) sow (ii) pork	
(a) Stat	e two causes of road accidents.

- (ii)
- (b) Give two reasons why people give first aid to people who have got accidents?
- (i)_
- 45. (a) Study the diagram below and use it to answer questions that follows:-
- (a) Name the above method of finding volume

a) Give one advantages of breastfeeding to a baby. b) Write any two ways of caring for a baby. ii) c) Why is milk called a complete food? Write any two uses of the following animals to people a) insects (i) (ii) b) Reptiles (i) (iii) a) Apart from safe drinking water, Name any other Local material use making O.R.S i) iii) b) Why are dehydrated people should be given ORS? c) Give one sign of dehydration. a) Match the following first Aid kits to their functions. ii) cold water shaves hair around the injured p kills germs an wounds and cuts. iii) Splints tying broken bones (iv) Razor blade cools the burnt part ii) Splints iii) Splints iii) Splints iiii) Splints iiii) Splints		i) Taste
Write any two uses of the following animals to people (a) insects (i) (ii) (b) Reptiles (i) (ii) (a) Apart from safe drinking water, Name any other Local material use making O.R.S (i) (ii) (b) Why are dehydrated people should be given ORS? (c) Give one sign of dehydration. (a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p (ii) Splints kills germs an wounds and cuts. (iii) spirits tying broken bones (iv) Razor blade cools the burnt part (ii) Splints (iii) Splints (iii) Splints (iv) Rajorits (iv) Rajorits (iv) Splints (iv) Splints (iv) Splints (iv) Splints	fter eating?) How best can you can
b) Write any two ways of caring for a baby. i) ii) c) Why is milk called a complete food? Write any two uses of the following animals to people a) insects (i) (ii) b) Reptiles (i) (iii) a) Apart from safe drinking water, Name any other Local material use making O.R.S i) iii) b) Why are dehydrated people should be given ORS? c) Give one sign of dehydration. a) Match the following first Aid kits to their functions. i) cold water shaves hair around the injured p kills germs an wounds and cuts. iii) Splints kills germs an wounds and cuts. iii) spirits tying broken bones (iv) Razor blade cools the burnt part ii) Splints iii) Splints iii) Splints	e heart.	c) Name the body part t
ii) iii) c) Why is milk called a complete food? Write any two uses of the following animals to people a) insects (i) (ii) b) Reptiles (i) (ii) a) Apart from safe drinking water, Name any other Local material use making O.R.S i) iii) b) Why are dehydrated people should be given ORS? c) Give one sign of dehydration. a) Match the following first Aid kits to their functions. i) cold water shaves hair around the injured p kills germs an wounds and cuts. iii) Splints tying broken bones (iv) Razor blade cools the burnt part ii) Splints iii) Splints iii) Splints iii) Splints iii) Splints	ng to a baby.	a) Give one advantages
(ii)	baby.	,′ · · · · · · · · · · · · · · · · · · ·
Write any two uses of the following animals to people (a) insects (i) (ii) (b) Reptiles (i) (ii) (a) Apart from safe drinking water, Name any other Local material use making O.R.S (i) (ii) (b) Why are dehydrated people should be given ORS? (c) Give one sign of dehydration. (a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p kills germs an wounds and cuts. (ii) Splints tying broken bones (iv) Razor blade cools the burnt part (ii) Splints (iii) Splints (iii) Splints (iii) Splints		
Write any two uses of the following animals to people (a) insects (i) (ii) (b) Reptiles (i) (ii) (a) Apart from safe drinking water, Name any other Local material use making O.R.S (i) (ii) (b) Why are dehydrated people should be given ORS? (c) Give one sign of dehydration. (a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p kills germs an wounds and cuts. (ii) Splints tying broken bones (iv) Razor blade cools the burnt part (ii) Splints (iii) Splints (iii) Splints (iii) Splints	7	1)
(a) insects (i) (ii) (b) Reptiles (i) (iii) (a) Apart from safe drinking water, Name any other Local material use making O.R.S (i) (ii) (b) Why are dehydrated people should be given ORS? (c) Give one sign of dehydration. (a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p kills germs an wounds and cuts. (ii)		
(b) Why are dehydrated people should be given ORS? (c) Give one sign of dehydration. (a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p kills germs an wounds and cuts. (ii) Splints tying broken bones (iv) Razor blade cools the burnt part (i) cold water (ii) Splints (iii) Spirits		i)
(a) Match the following first Aid kits to their functions. (i) cold water shaves hair around the injured p kills germs an wounds and cuts. (iii) spirits tying broken bones (iv) Razor blade cools the burnt part (i) cold water (ii) Splints (iii) Spirits	be given ORS?	y) Why are dehydrated p
shaves hair around the injured p kills germs an wounds and cuts. kills germs an wounds and cut		c) Give one sign of dehy
(i) cold water (ii) Splints (iii) spirits (iv) Razor blade (ii) Splints (iii) Splints (iii) Splints (iii) Splints (iii) Spirits	their functions.	a) Match the following
(ii) Splints kills germs an wounds and cuts. (iii) spirits tying broken bones (iv) Razor blade cools the burnt part (i) cold water		-
(iii) spirits tying broken bones (iv) Razor blade cools the burnt part (i) cold water		,
(iv) Razor blade cools the burnt part (i) cold water (ii) Splints (iii) Spirits	<u> </u>	· -
(ii) Splints(iii) Spirits	ols the burnt part	· -
(ii) Splints(iii) Spirits	<u>-</u>) cold water
(iii) Spirits		i) Splints
(iv) Razor blade		ii) Spirits
(a) Give the meaning of the term "nursery bed"		v) Razor blade
	ery bed"	a) Give the meaning of t
(b) Write any two plants that are first grown in nursery bed.	grown in nursery hed) Write any two plants
(i)		`\

	a) Apart from white blood cells name other two components of blood.				
	(ii)				
	(b) Give one reason why the left part of the heart is thicker than the right one.				
	(c) Why does blood go to the lungs before it is pumped to all parts of the body?				
	Below is a list of plants.				
	Sisal, Bananas, Cassava, Beans, Maize.				
	(a) How is the propagation sisal similar to that bananas?				
	(b) How are the following crops propagate? (i) Beans				
	(ii) cassava				
	(c) Give one product got from sisal.				
	(c) sive one product gov from shown				
	The diagram below is of a mushroom. Use it to answer the questions that follows				
	Ring				
	(a) Name the part shown with letter B				
((b) What is the importance of the part labelled R?				
	(c) To which kingdom of living things does a mushroom belong?				
	(d) Give one way how mushrooms are useful to human beings.				
7	Write down the 4Fs in full.				
	(i)				
	(11)				
	(···)				
	(iii)
